No Place For Christians

Somalia is one of the most hostile countries for Christians. Islam is the state religion. Muslims suspected of becoming Christians are targeted by extremists. In 2017, 23 people suspected of converting to Christianity were killed by al-Shabaab. In a country with only hundreds of Christians, this shows how hard it is to follow Jesus.

Prayer Points

- Pray for protection for Christians as they share the gospel in Somalia.
- Pray that God reveals himself to many Muslims. Pray they will be bold enough to accept Jesus regardless of the cost.
- Pray Christians can find safe ways to read the Bible and gather together.
