Anarchy And Persecution

Libya has not had a fully functioning government since the Arab Spring in 2011. Christians are vulnerable as various extremist groups, including the Islamic State, fight for control. Persecution and violent attacks against Christians have increased. In 2017, many Christian migrants were kidnapped and sold as slaves.

Prayer Points

- Pray that the cruel acts by the Islamic State will only make more people search for a loving God.
- Pray for Libyan Christians to find the strength to live every day for Jesus.
- Pray for new Christians who come to faith through Arabic websites and TV shows. Pray for them to find support and the ability to access God's word.
