## Struggling With Sharia Law

Life is hard for Christians in Kuwait. Around 70 percent of the population is Muslim and Sharia (Islamic) law governs the country. The Islamic State also has a large presence and people are increasingly hostile towards Christians. A bill was announced to forcefully eliminate all churches in Kuwait. Many have already been destroyed.

## Prayer Points

- Pray for God to change the government’s opinion of Christians and allow religious freedom.
- Pray for Christians to love and forgive Muslims who discriminate against them for their faith.
- Pray for Christian converts in Muslim families. Pray that their transformation leads many to Christ.
