No Guarantee Of Safety

Indonesia has the largest population of Muslims in the world. Many church buildings have been closed down. The law states that a church can only operate if they have at least 90 members, the consent of 60 non-Christian neighbours and the approval of the regency chief. Even then, they are not guaranteed approval or protection.

Prayer Points

- Pray for religious tolerance in the wake of increasing Islamic extremism.
- Pray for converts to reach Muslims for Christ.
- Pray for Christian children who face discrimination in schools. Pray that they can trust God for their future.
