About

In Nepal, evangelising is illegal and Christians can be arrested for attending a baptism. Christian children are mocked by other kids while adult believers face challenges in their personal and business relationships. Some Hindu extremist groups see Christianity as a threat and bomb churches and beat believers. Despite this, the number of people coming to faith is on the rise.

Our Work

Through our local partners, we provide Bibles and training materials to Christians. We help prepare believers for persecution, provide emergency relief and adult literacy training. When there is a victim of persecution, we send Rapid Action Teams and legal assistance.

Pray

Praise God that the church is growing in Nepal.

Pray that the eternal hope of Nepalese Christians will outshine the multiple pressures on their daily lives.
